		Preparative Swim Season (Mar-Jun)		€120	€90	€60

Private Lessons		per hour	€24**
------------------------	--	----------	--------------

* 4th family member and more are free of charge
 ** price may be subject to change

New members to the club, who wish to commence their first season late, may receive a 40% reduction of costs only if more than half of that season has already passed.

Any payment of membership fees MUST be made before attending a second session of the program or the participant will be barred from continuing his/her participation until fees are in order.

Fees may not be transferred from one season to the following. Fees are not refundable unless the participant provides a medical certificate or the NATO Marlins Swim Club cancels the program.

NATO HQ Staff Center Membership

The **monthly fee** for a NATO HQ Staff Center Membership is currently **€3,85 per person over age 14**.

Please note: The NATO HQ Staff Center Membership Fee may be subject to change by the NATO HQ Staff Center. Amount listed may not reflect the current fee.

NATO HQ Staff Center Swimming Pool Admission

In order to keep the fees paid to the NATO Marlins Swim Club as low as possible, pool space is not rented. Therefore each participant **MUST** pay his/her own admission fee to the NATO HQ Staff Center.

Swimming Pool Admission		Age 6-18	Age 19+
Annual Pass abonnement annuel	January - December janvier - décembre	€42.00	€60.00
Temporary Passes abonnement temporaire	April - December avril - décembre	€36.00	€48.00
	July - December juillet - décembre	€28.80	€36.00
	October - December octobre - décembre	€19.20	€24.00
20-session Card carte de 20 bains		€25.00	€35.00
per swim par bain		€1.50	€2.00
Guests per swim invité(s) par bain		€3.00	€3.00

Please note: Swimming Pool Admission Fees are subject to change by the NATO HQ Staff Center. Amounts listed may not reflect the current fees.

Members of the NMS International Swim Team **MUST** buy an annual pass, as their training sessions are outside pool opening hours.

For your consideration:

If you/your child swim/s twice a week for one session, that means to be in the pool 20 times (20 x 1.50 = € 30.00), with additional four visits to the pool in the same year, it would be less expensive to purchase an Annual Pass rather than a Temporary Pass.
